

**The Tour you can't refuse.....**

*One and only Boston*

**'Mobsters and Lobsters'™**

Step aboard the **Mobster & Lobster Trolley** and join our host from the 'old neighborhood' while touring places from Boston's underworld history. You'll hear historical tales of heists and mystery, untimely demise, mayhem and cover-ups.

*How about a knuckle sandwich?*

The appetite is to be respected, and this is where your lobster makes its last stop. Following your tour, you have the option to feast on Boston's notorious lobster at one of Boston's best fine dining joints, **Venezia Waterfront Restaurant**.

....and what goes better following a lobster in hot water than a tour and vino tasting at Boston's only winery - **Boston Winery**.
